

Traveler 8000

2.4GHz wireless 5-button BlueEye Mouse

The Traveler 8000 BlueEye mouse from Genius is a 5-button device that is convenient to use and has superb surface recognition and cursor accuracy. Traveler 8000 is the latest marvel from the Genius BlueEye Family.

Traveler 8000 uses the most advanced 2.4GHz auto frequency-hopping technology to reduce interference. The Pico receiver is small enough to leave in your notebook or PC and the Stick-N-Go mount keeps your mouse in safe condition when you're moving around the office. It also features two extra buttons for programmable functions and the smart power saving technology can extend battery life up to six months

With a stunning finish, Traveler 8000 assures you will never let go of it when seeing it the first time. For more information, you can contact your sales representatives.
